RIZZO RANKED 191ST IN ENR MAGAZINE'S TOP INTERNATIONAL DESIGN FIRMS LIST

Despite an Uncertain Global Market Conditions, RIZZO rises in the Ranks

RIZZO Associates, Inc. (RIZZO) ranked 191st on the Engineering News-Record (ENR) Top International Design Firms list – up ten spots from a 201st ranking in 2013. RIZZO continues to provide world-class engineering services to international clients in the power generation, dams and water resources, and infrastructure markets.

For large international design firms, the past year has been one of uncertainty due to lower oil prices, regional tensions in the Middle East, and economic turbulence in Europe. The impact of the uncertainty in the world market can be seen in the results of ENR's Top 225 International Design Firms survey. Although the Top 225 saw a 1.1% revenue decrease from projects outside their respective home countries, domestic revenue for these firms rose 1.6%, to \$73.48 billion in 2014 from \$72.32 billion in 2013. Overall, the group enjoyed an increase in design revenue, totaling \$144.34 billion in 2014.

On the Top 225 International Design Firms list, firms are ranked based on design revenue from projects outside of their home countries, measuring their presence in international commerce.
